

Local Control Accountability Plan and Annual Update (LCAP) Template

[Addendum](#): General instructions & regulatory requirements.

[Appendix A](#): Priorities 5 and 6 Rate Calculations

[Appendix B](#): Guiding Questions: Use as prompts (not limits)

[LCFF Evaluation Rubrics](#) [Note: this text will be hyperlinked to the LCFF Evaluation Rubric web page when it becomes available.]: Essential data to support completion of this LCAP. Please analyze the LEA's full data set; specific links to the rubrics are also provided within the template.

LEA Name	Humboldt County Office of Education		
Contact Name and Title	Jennifer Fairbanks, Principal	Email and Phone	jfairbanks@hcoe.org , (707)445-7081

2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Humboldt County Office of Education (HCOE) Court/Community Schools serve over 150 students in grades 7-12 at five locations throughout Humboldt County.

Students come to the community schools via referrals from the Department of Probation, School Attendance Review Boards, and school districts. Students in community schools are temporarily in need of a supportive, alternative educational program in order to progress academically and socially. We operate three Community school site across Humboldt County, and two court schools. Our student population consists of :

89% low-socio economic

27% Special Education students on IEP's

3% English Language Learners

50% of students have been enrolled for 1 or more academic quarters.

5% Foster Youth

38% Homeless Youth

CCS enrollment is constantly changing. New Community school students are enrolled each week. New Court school students enroll daily at times. Some students return to their DOR at the semester or the

start of the school year. With a highly mobile population, cohort data is extremely limited and not valid. Therefore, many metric and expected outcomes at CCS cannot be compared to traditional school settings.

The indicators and metrics that are not applicable to our district are as follows:

- Academic Performance Index API because it has been suspended.
- Share of students that are enrolled in A-G requirements because HCOE CCS is not accredited
- Share of EL's making ELD progress because students are returned to DOR to determine fluency level growth compared to their prior performance levels.
- EI classification rate because reclassification will be based on at DOR criteria.
- Share of students who take Advance Placements Exams because we do not offer AP classes
- High School dropout rates are not counted for County Offices and are reflected in rates of DOR.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

This year we have implemented a school wide PBIS system. We are part of a larger consortium MTSS, which is a county wide collaborative effort to implement PBIS in the majority of Humboldt County Schools. This year's focus on Trauma Informed Education practices have been on implementing Multi-Tiered Systems of Support (MTSS).

This has included developing an outline of a three tiered system of teaching, response, intervention, and prevention around behaviors that are traditional barriers to education. Staff has undergone training in MTSS (Multi-Tiered System of Support) and PBIS (Positive Behavior Intervention Strategies). The leadership team, coaching team, and site-based subcommittees were established this year. They have been working to identify the positive student and staff behaviors that support and enhances the education process (behaviors we need to see more of), as well as identifying challenging behaviors that create barriers (behaviors we need to see less of). Discipline strategies, behavior tracking, and incentive programs are being developed and implemented. Data collection through SWIS (School Wide Information System) was implemented in the beginning of the year to track major behavior issues.

Teachers are regularly and explicitly teaching behavior expectations in the classrooms, the school campuses, and during off-site programs. Campuses have been given posters to place around the schools for reminders of behavior expectations. Creative instructional outlets such as videos and posters invite substantial student input.

The increase in positive behaviors school wide create a safer and more consistent learning environment for students who come with enormous challenges to managing the traditional school day. Clear teaching of expected behavior increases student success throughout the day, and the platforms (artwork, video making, and lessons) offer a variety of relationship building (teacher/student) opportunities. Data collection around behaviors are instructional for students and staff, and offer a opportunity for discussion with a student that is non-threatening and encourages student insight.

Parent project

In August we held a local training in which 30 professionals were certified to facilitate the Parent Project. This was a 40-hour training. In completing this training, we vastly increased the pool of certified facilitators in the local area, creating an infrastructure for the service to be offered countywide. The trained professionals represented local schools, law enforcement, Department of Health and Human Services, Family Resource Centers, Tribal entities, Probation, Boys and Girls Club of America, and our local Foster Parent Association. The additional benefit from this process is the increase in well-informed referral sources for the program, creating more efficient and effective referrals to families.

One local facilitator, an HCOE employee, is beginning an internship with Parent Project Inc to become a Train-the-Trainer, increasing sustainability for the local infrastructure in two ways. Primarily, having someone local who can train local facilitators ensures a reasonable pool of professionals prepared to teach the classes. Secondly, this is a person who is, through the internship, uniquely positioned to coordinate local classes, offer technical support and coaching, and lead the continued development into more communities in which our student body lives.

The program itself focuses on the most destructive adolescent behaviors, including truancy, substance use, and home defiance, all behaviors we see contributors to failing in school. In communities where Parent Project is established, attended, and measured, truancy and delinquency rates decrease, parent efficacy increases, and involvement from higher levels of authority such as SARB boards, Probation, and Law Enforcement sharply decline.

SARB collaboration

SARB has been active in 5 regions with regular participation from HCOE, DA's Office, DHHS/CWS, Family Resource Centers, Probation, law enforcement, schools, parents, and students. School superintendents were provided in-depth training on SARB process, bringing each region into a consistent system of doing business. HCOE acts as a liaison and support to schools and SARB Boards on SARB matters. The DA, HCOE, DHHS, and Superior Court continue the process of creating and launching the Truancy Court, a final piece of accountability which will be made available to SARB boards and families.

HHF HCOE has collaborated with American Hydroponics to create a hands on learning opportunity for CCS students. HHF is a career training program designed to provide career –related instruction, hands on work experiences, research and opportunities for CCS students to participate in a student run business.

AmeriCorp members were hired in the CCS programs to support students with academic mentoring, career planning, communication, daily living skills. AmeriCorp members to provide life skills activities to youth to prepare them for their transition towards a successful adulthood. The goal is to increase their resiliency factors with more caring adults.

Apex online curriculum was adopted this year. This provides a more broad scope of courses for all students. Apex can provide A-G approved courses. CCS typically does not serve youth that are currently taking A-G coursework; however, it is available to all enrolled students. Elective credits are typically harder to earn at CCS with less Elective courses being offered. The Apex curriculum allows for student to earn elective credits in more rigorous courses.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

HCOE C/CS program does not receive performance indicators on the California Dashboard as this is an Alternative Education program. The following evidence of progress is based on local indicators.

79% of students improved their score in math and 82% of students improved their score in English Language Arts based on TABE- the Test for Adult Basic Education (TABE), a diagnostic test used to determine a student's skill level in Math and ELA. The TABE test is administered twice to students, a pre-test upon enrollment and a post-test after an academic semester at CCS. Students showed great progress in both subjects.

Credit Completion – In 2016-2017, 56% of students earned 15 or more credits. This is an increase of 16% over 2015-2016 when 40% of students earned 15 or more credits per semester. Teachers have continued to provide weekly feedback to all students about credit production and hours earned. Meetings and SST's are held to address students who are not earning the expected 15 units a quarter. The weekly feedback gives students an opportunity to work on their goals of catching up on credits and returning to their DOR or completing required credits for graduation.

Grad rates- All credit eligible seniors are on track to graduate. All 8th graders are on track to graduate and go on to the high school.

Attendance Outreach – CCS continues to provide truancy outreach efforts to habitually truant students. Home visits, SST meetings, and SART meetings are utilized to offer support and resources to the students and families before they are referred to SARB boards.

Kuder Navigator Online Portfolio – All 12th grade students complete an online graduation portfolio. The portfolio and activities support career planning and career guidance. It includes a personal portfolio section where the students highlight their strengths and what they know. The students create resumes, practice interview skills, complete career assessments, college and technical program searches, and job exploration. The online portfolio can be accessed by the students after they have graduated and they can share it with prospective employers and colleges. Ten students completed the portfolio to date.

HHF - Humboldt Hydro Farms is a career training program designed to provide career-related instruction, hands-on work experiences, research, and opportunities for interested Community School students to participate in a student-run business. During the 2016-2017 school year, 32 students have

GREATEST PROGRESS

been enrolled in the HHF program and 11 students are enrolled in the paid work experience program. Instruction includes hydroponics and related sciences (Botany, Chemistry, Food Products and Nursery Plants, Nutrients, Energy and Climate), and is integrated into the classroom and in the commercial greenhouse located at the Redwood Acres. Students enrolled in the program are able to complete an internship and receive a completion of certification at the HHF. Once they are certified they are eligible to participate in paid work experience as a part of their school week.

DOR communication and IEP Board Policy- This year CCS strengthened our relationships with referring school districts. Districts now receive quarterly reports on enrolled CCS youth. This new system keeps them aware of their students' progress while at CCS. Districts are also invited to all IEP's for special education students. This has created a much better communication with the district about enrolled youth and their progress on their IEP goals. With the newly adopted board policy for CCS students with IEP's, it helps both districts meet the needs of the enrolled youth.

The FYSC program made significant progress implementing the goal of increasing the coordination and inter-agency collaboration of educational services for foster youth. Multiple trainings throughout the year were provided, with an increased number of attendees. All 32 districts in Humboldt County are trained with current information to serve their foster and homeless youth.

Foster Focus Data has been implemented. HCOE FYS houses the Foster Focus Data System. All FY in the county are identified and input into the system to track necessary information regarding education for the students.

Expulsion/Countywide efforts to minimize gaps for services with expelled youth – A countywide policy was adopted last year with input from all comprehensive districts in the county. There is a countywide consistent policy for protocol and partial credit transfer.

Family Nights- A total of 6 family nights are planned throughout the school year. The family nights are successful in getting families and parents to engage in their child's school. The events are held at both Eureka and Fortuna sites. Students and staff prepare and serve meals to the families. Students are able to showcase recent school work and projects they have completed. HHF provided fresh vegetables to all the family nights. Information and local resources are presented and disseminated also. The College of the Redwoods EOPS program provides outreach to both students and families as well. Family nights are also an opportunity to share LCAP annual updates, and provide a forum for a community and family inputs. Parents are regularly surveyed to measure school connectedness.

Parent Project – See above in LCAP highlights.

PBIS / Trauma Informed Practices – See above in LCAP highlights.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

GREATEST NEEDS

HCOE C/CS program does not receive performance indicators on the California Dashboard as this is an Alternative Education program. The following evidence of progress is based on local indicators.

Attendance and chronic absenteeism continue to be an issue with our student population. We have interventions and supports in place to address our truancy issues. Even with support and interventions in place we continue to struggle with some of the most truant students. The countywide efforts to link SARB and the District Attorney’s Office is in its first year. We believe with continued effort and collaboration of services and supports, it will begin to combat the truancy rates. We continue to make weekly home visits, phone calls home, and schedule SST and SART meetings to support the family and the students. We have offered attendance incentive programs, which do not seem to make a lasting impact. The Post-Secondary Strength Collaborative (PSSC) efforts are intended to utilize data to figure out the most impactful way to address chronic truancy issues with our students.

CAASPP tests are administered to students at CCS. Not all students who take the CAASP have been enrolled at CCS for 90 days.

CAASPP % performance, 2015-2016 I HAVE DATA TO ADD

English Language Arts (14 students tested 7th – 11th grade)

- 0% - met or exceeded
- 7% - nearly met standard

Mathematics (14 students tested 7th – 11th grade)

- 0% - met or exceeded
- 7% - nearly met standard

Science (14 students tested 7th-11th)

- 14% proficient
- 21% basic

Suspension rates increased this year. We have two new teachers on staff and have implemented a district wide PBIS. This has created some change in CCS. We are continuing to train staff and are working on alternative to suspensions plans. As the staff and the students embrace the new PBIS

system we hope to decrease suspension numbers throughout all CCS programs. Monthly PLC trainings are held where the staff are trained on PBIS and MTSS implementation. We are utilizing our SWISS data management system to look at suspensions and trends. CCS has decided to add an action item to address increasing suspensions. With the support of the MTSS Collaborative team and analyzing SWISS data, future PBIS trainings will also focus on alternative to suspensions in CCS

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

There are no significant subgroups in CCS, therefore, no performance gaps between groups.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

To improve and increase services to our unduplicated students CCS has implemented action items in the following areas:

Trauma informed practices are in year two of implementation. A Program Manager is employed to ensure staff is trained and the practices are implemented. Data shows that Humboldt County has a higher than average number of students who have experienced adverse childhood experiences. We are implementing trauma informed practices and training staff to support and build the resiliency factors in our students. CCS will continue to implement PBIS and MTSS efforts to increase and improve services to FY, ELL and low income.

Foster youth and homeless youth enrolled in CCS have direct education case management services to help remove barriers to their education.

We have a full time Student Assistance Counselor to support students. The counselor provides a science-based alcohol and other drug education curriculum for students at Juvenile Hall, ERC and Eel River Community Schools. The counselor provides crisis intervention, individual alcohol and drug related counseling, brief assessment and referral to community agencies. Services also include: participating in student mediations, IEP's, SST meetings as needed at all sites, and participating in the development of PBIS and Trauma-informed Education.

A .10 CELDT teacher provides CELDT testing to all ELL students, and coordinates RFEP classification for all eligible students.

After school enrichment activities are provided to engage youth and provide opportunities our low-income students generally do not have access to, these include: Coast League Basketball (instructor time, rental fees, uniforms & equipment), surfing field trips, and cooking classes.

Family nights are scheduled four times throughout the year and are designed to engage families in their student's education. Family nights provide information and connection to local resources and programs available to our unduplicated students. It is also an opportunity to share information about our goals and visions for the schools and obtain quality feedback from the parents via surveys. This year's surveys showed that 90% of families feel connected to CCS regarding their child's education.

Blue Ox Millworks provides students with hands-on opportunities such as: blacksmithing, ceramics, photography, and lathe work.

A probation officer provides supervision to CCS probation youth. The PO is included in weekly staff meetings, the screening process and steering committee meetings, parent meetings, truancy outreach and home visits.

CCS provided a satellite program in Southern Humboldt to provide youth in the southern portion of the county a school site within reasonable distance from their DOR. Humboldt County is geographically large and this program serves many students.

The Parent Project is a skill building program for parents designed to intervene in adolescent destructive behavior: substances, truancy, gang affiliation, and defiance. The Parent Project is now offered in three geographic areas in Humboldt County.

A Coordinator works to provide all students the opportunity to utilize new technology and learn 21st Century Learning Skills. The coordinator provides support to both teachers and students.

BUDGET SUMMARY

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION

AMOUNT

Total General Fund Budget Expenditures for LCAP Year

\$

Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year

\$

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

\$

Total Projected LCFF Revenues for LCAP Year

Annual Update

LCAP Year Reviewed: 2016-17

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

<h2>Goal 1</h2>	All HCOE CCS students will be engaged in 21st century learning in order to prepare for college and careers. <i>[NOTE - Goals 1-3 in prior year's LCAP have been merged into the above single goal based on stakeholder input.]</i>

PLANNED

English Language Learners

English Language Learners- CCS teachers will utilize SDAIE methods of instruction to ensure English Language Learners are provided with services they need to access the general education curriculum. English Language Development course outlines will be utilized in all CCS programs to ensure ELD skills are being addressed.

Foster Youth

Foster Youth CCS The Foster Youth Coordinator will provide opportunities to include field trips to local colleges, and vocational tech opportunities locally and regionally FY coordinator will arrange for presentations to be held at the HCOE CCS school campuses that provide information pertaining to college enrollment and financial aid. FY Coordinator will connect Foster Youth with Regional Occupation Program opportunities. FY Coordinator will collaborate with the Humboldt County Independent Living Skills Program (ILS) and Transition Aged Youth (TAY) for workshops on financial literacy, household management skills, relationship building skills. FY Coordinator will work with AB12 eligible youth (non minor dependents that elect to remain in foster care past the age of 18) with all

ACTUAL

CCS teachers utilized SDAIE methods of instruction to ensure English Language Learners are provided with services they need to access the general education curriculum. English Language Development course outlines will be utilized in all CCS programs to ensure ELD skills are being addressed.

Foster Youth

All CCS Foster Youth were identified and provided with: Opportunities to include field trips to local colleges, and vocational tech opportunities locally were arranged and presentations were held at HCOE CCS school campuses that provided the information pertaining to college enrollment and financial aid. FY Coordinator connected Foster Youth with Regional Occupation Program opportunities as appropriate. FY Coordinator collaborated with the Humboldt County Independent Living Skills Program (ILS) and Transition Aged Youth (TAY) for workshops on financial literacy that were provided at ERC and Eel River CS; to include household management skills, and relationship building skills. FY Coordinator worked with AB12 eligible youth (non-minor dependents that elected to remain in foster care past the age of 18) with all appropriate agencies to include tribal social services. FY CCS and assistant provided case

appropriate agencies to include tribal social services. FY CCS and assistant will provide case management and support services.

Redesignated Fluent English Proficient Pupils

RFEP- CCS teachers will utilize SDAIE methods of instruction to ensure RFEP'd English Language Learners are provided with services they may still need to access the general education curriculum. Teacher will review CELDT scores and ELL files to ensure CCS youth are reclassified appropriately.

Native American Youth

Native American Youth - Work collaboratively with case management support providers and counselors at the school site through ongoing communication and collaboration with local tribal agencies. Develop procedures and timelines for providing regular information for Native American youth about cultural events and activities that are going on locally. Develop systems and strategies to permit Native American youth to participate in Yurok tutoring available at a local Eureka school site on Tuesday and Thursday afternoons.

management and support services to all relevant youth.

Redesignated Fluent English Proficient Pupils

CCS teachers utilized SDAIE methods of instruction to ensure RFEP'd English Language Learners were provided with services they may still need to access the general education curriculum. Teacher reviewed CELDT scores and ELL files to ensure CCS youth are reclassified appropriately.

Native American Youth - CCS have continued to reach out to local tribes to support CCS youth. Efforts to collaborate services are in the beginning stages. A representative from the Yurok Tribe will coordinate with CCS staff to offer tutoring services to eligible youth. Also, a representative from the Hoopa Tribe is setting up tutoring services for Hoopa tribal students. A Hoopa Tribal Education Representative will provide tutoring at the NDN Center. These services began this school year. CCS staff continue to invite local tribes to participate in stakeholder meetings and community input meetings. This is something we will continue to work on next year.

Actions/Services

PLANNED
 Trauma informed education practices are designed to increase Court and Community School students' ability to succeed in school. We are focusing on training staff on the impact of trauma and toxic stress on learning. This consists of monthly workshops for all staff in which trauma and its impact are studied from the perspective of neuroscience, psychology, and social sciences and how those concepts lend themselves to creating an environment that increases student success. Also, a steering committee will be developing a plan for integrating trauma-sensitive routines and individual supports for staff and students. The steering committee is made up of representatives of each school site and each discipline. During this first year, there will be an exploration of other schools that have successfully implemented trauma-informed practices across the state, and practices from those schools will be assessed by the steering committee for fit at CCS.

ACTUAL
All staff was trained in trauma informed practices. The steering committee continues to meet regularly to ensure that the implementation of trauma informed practices is taking place at all school sites. They continue to look at activities, lessons and policies that support a trauma informed model. This is the second year of implementation. Staff have gained a better understanding of how trauma effects students and best practices to support their efforts. A districtwide PBIS model was implemented to support the trauma informed practices in place.

ESTIMATED ACTUAL
. Maintenance and Operations \$127,932.53
LCFF

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall implementation of the actions and services were completed to support goal 1. All actions and services were FULLY IMPLEMENTED except for the following:
Action 24 – CYC does not offer tutoring services at this time.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions and services as related to the goal showed growth and improvement. More students earned more credits each academic quarter this school year. An increase of 16% of students earned 15 or more credits in an academic quarter. This demonstrates that regular meetings, weekly hours/credit checks and SST meetings are improving this outcome for students. The students and families are more regularly informed of progress, which supports their academic goals.
TABE results demonstrated growth in both ELA and Math, 78% of students improved their score in ELA; 82% improved in Math.
Family participation and engagement increased.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

*Action 3 - actual expenditures were \$37,000 higher than projected because we failed to include our INS staff person.
*Action 4 – actual expenditures were \$22,000 higher than projected. This year the HHF was implemented. This provided our students with the opportunity to enroll and complete an internship in the HHF program. Students that completed the internship were eligible for paid work experience. The number of student workers raised from 3 to 13.
*Action 8 – actual expenditures were \$10,000 less than projected. Four AmeriCorps members were going to be hired. Due to availability, only three AmeriCorps were hired.
*Action 11 – actual expenditures were \$13,000 more than projected. Breakfast was not factored in and is being provided.
*Action 20 – Actual expenditures were \$35,000 dollars more than projected due to an RSP teacher out on a personal leave. The extra money represents substitute teacher salary to cover SPED case load.
*Action 22- Actual expenditures were \$31,000 more than projected. CCS needed more than .20 FTE for the CCS School Psychologist to cover caseloads, assessments and initial referrals to SPED. .50 FTE was the actual.
*Action 29- HHF was a project not anticipated to begin in 16-17, yet did. As a result, HCOE funded the majority of the project.
*Action 30 Actual expenditures were \$31,000 more than projected. CCS utilized a .50 FTE School Psych. Instead of .20 FTE like the previous year.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Changes made to this goal include adding several action items to strengthen our efforts with our students in needed areas. Through Stakeholder meetings, and identified student need, an analysis of adding new action items to Goal 1 was agreed upon.
Action 30- The PBIS Steering Committee will develop a progressive list of discipline options prior to suspension of students, to be utilized program-wide. The team will utilize SWISS data to identify areas of need, and analyze trends.
CCS will utilize data gained from the PSSC and John Gardner Center to gain knowledge of strategies to improve attendance. Once strategies are identified, they will be put into place.
Action 15-CCS will not employ a Juvenile Probation Officer. Protocol for supervising probation youth CCS has low numbers of students on probation supervision and the support is no longer needed.
Action 10-The implementation of PBIS will include student incentives, intended to support more students and strengthen the implementation of a reward system to motivate students with challenging behavior and attendance issues. This will provide more access for all CCS youth.
Action 24- To investigate and utilize CYC tutoring has been removed from the LCAP. It has been investigated and the CYC does not offer tutoring at this time.

Goal 2

Goal 2 - Facilitate increased coordination and inter-agency collaboration of educational services in order to improve the academic achievement of Foster Youth countywide and develop the understanding of Humboldt County LEAs (charters and districts) on the laws and obligations under LCFF and AB490 and their capacity to support the education of FY in their schools.

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8

COE 9 10

LOCAL _____

ANNUAL MEASURABLE OUTCOMES

EXPECTED

Metrics

1. Foster Focus data and/or district attendance and discipline (suspensions and expulsions) records that provide monthly reports.
2. Graduation rate tracking records from Foster Focus data and/or districts for 8th and 12th grade Foster Youth students.
3. Number of districts, Foster Youth Liaisons and school staff participating in trainings.
4. A log of materials distributed to Foster Youth regarding educational rights.

Outcomes

1. 30% of the LEAs will provide monthly information on attendance and discipline for each Foster Youth.
2. 100% of the transcripts of identified foster youth will be monitored. Baseline graduation rates from middle school and high school for FY will be established in 2016-17. A plan to establish reasonable expectations for improvements will be set for 2017-18 and 2018-19.
3. 30% of LEAs and 30% of Foster Youth Liaisons and 10% of school support staff will participate in trainings conducted by HCOE FYS Coordinator and staff
4. 75% of identified Foster Youth will receive information regarding educational rights.

ACTUAL

Metrics

- 1) Foster Focus data and/or district attendance and discipline (suspensions and expulsions) records that provide monthly reports.
- 2) Graduation rate tracking records from Foster Focus data and/or districts for 8th and 12th grade Foster Youth students.
- 3) Number of districts, Foster Youth Liaisons and school staff participating in trainings.
- 4) A log of materials distributed to Foster Youth regarding educational rights.

Outcomes

- 1) 60% of the LEAs now provide regular updates based on district grading periods (quarter, semester and trimester). Need to change from "Monthly"
- 2) Currently there are 15 eight grades FY students being monitored for graduation to 9th grade
 - a. There are 21 Seniors FY Students being monitored and at

least ¾ are on track to graduate high school in June, 2017.

- 3) 100 % of LEAs have participated in FY Educational trainings (32 K-12 LEAs). This is a day-long training provided twice a year (Fall and Spring).
 - a. 100 % FY Liaisons have participated in FY Educational trainings (32 District Liaisons plus 6 Regional FY Liaisons). And at least 10 % of other school staff as well.
 - b. Both College of the Redwoods and Humboldt State University have FY Liaisons that have participated in the trainings
 - c. Preschool: Early Start/Head Start FY Liaison have participated in the trainings
 - d. At least 25% of LEAs FY liaisons participate in the ongoing monthly FY Liaison trainings facilitated by the FYSC Coordinator.
- 4) 90% of the K-12 FY and Non-Minor dependents received a hard copy letter/flyer that provided them information on their educational rights and resources to contact if they need assistance and advocacy. Information sent in December 2016 and will again be sent out in May, 2017.

ACTIONS / SERVICES

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action

1

Actions/Services

PLANNED
 Implement and coordinate the Foster Focus Data System (FFDS) in Humboldt County in order to better track completion of MOU, identification and school placement in CALPADS, educational progress/outcomes, attendance and behavior/discipline records, enrollment, partial credits, and timely transfer of records.

ACTUAL
 Implemented and coordinated the Foster Focus Data System (FFDS) in Humboldt County in order to better track completion of MOU, identification and school placement in CALPADS, educational progress/outcomes, attendance and behavior/discipline records, enrollment, partial credits, and timely transfer of records. Currently HCOE is utilizing the FFDS instead of requiring all districts to buy an individual license. Humboldt county has so many small districts with that it is more feasible to have the HCOE Foster Youth Data Technician input all data in the FFDS and disperse to all necessary districts serving foster youth.

Expenditures

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The FYSC program made significant progress in implementation of the goal of increasing the coordination and inter-agency collaboration of educational services for foster youth. Most of the specific actions have been partially or fully implemented. The services that have not been fully implemented are, the districts are not participating in the foster Focus automatic uploads of educational information. This goal will be modified for the upcoming year, due to technical and financial reasons. We are currently establishing a systematic process for gathering pertinent data needed for educational assessment and status of FY. The FY Data Technician is working with each district to formalize a common reporting system based on the district grading periods, which vary district to district. The Foster Focus data system is up and running, with a full time FY Data Technician to manage all the critical information. The monitoring of the educational progress of the FY is falling into place but not fully implemented at this point. The FY Data Technician is learning to navigate to utilize the Foster Focus Data System to its full capacity. With 32 school districts, CALPADS information it proves to be a challenge to integrate the information into Foster Focus. We will be using the CALPADS data from the 2014-15 year as a baseline to measure academic, attendance and discipline outcomes. 100% of all LEAs have participated in one or both of the bi-annual, day long, FY Education trainings as well as about 30 % who attend the monthly FY liaison topical trainings. The program coordinator facilitates the quarterly Foster Youth Education Executive Advisory Council which has over 45 members from county, tribal and community based agencies. Twice a year over 75% of the FY have received specific information regarding their educational rights and information on where to get resources and advocacy.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The number of identified FY varies week to week due to the nature of the CCS system. Some FY students come into the CCS for very brief periods of time and return to their home district. Typically FY who are in the locked court school facility match the attendance of their fellow non FY peers. They tend to have more academic success while enrolled in a court school. Typically CCS has around 7 -10 FY students at any point in time. This low number equals 5% of ccs students. Two 8th grade FY are on track to graduate 8th grade on time. To date we have had 6 FY graduate this academic year, one FY is not on track to graduate and is not eligible for AB 167. Every FY is assigned an educational case manager, who monitors attendance and academic performance. Credit completion per academic quarter is still an area of need. This could be improved. FY education case manager will continue to monitor credit production and attendance and provide the FY with additional academic support services. Assessment for AB 167/216 are reviewed for all incoming FY in the CCS. A survey was sent out to all the district administrators and liaisons to gather feedback in regards to the effectiveness of the FYSC program and services. While there were only a small number who completed the survey, the results in general showed that key parts of the program had been fully implemented or in the initial implementation phase. HCOE FYS needs to develop a system to gather survey information with better respondent completion results. Only 10 out 32 districts responded. We will also utilize our FY advisory Council Collaborative Partners to gather survey information. Of the current survey the 8 domains that were surveyed, of establishing and ongoing collaboration and policy development 90% of the respondents felt we were at full implementation stage. Within the domain of building capacity with LEA's and other county agencies there was a mix ranging from begging development all the way to full implementation. In the third domain, providing information and assistance to LEA's was a range from beginning development from full implementation. The surveys show there is a mix of responses as to where CCS is in the development services. In establishing policies and procedures for appropriate education al placement, 80% of the respondents had full implementation. Facilitating the coordination of post-secondary opportunities is an area that is in initial implementation. Establishing ongoing collaboration and policy development, building capacity at the local LEA level, ensuring the timely transfer of educational records and assessing the needs of the foster youth were all activities that have been fully implemented. Other areas, such as developing processes to measure specific academic outcomes at the LEA level are still in the beginning developmental stages. Coordination with postsecondary institutions is another area that has not been fully implemented but work continues to build capacity and increases the outreach to our foster youth. Finally, the program will explore better ways to gather feedback from the LEA's and foster youth in regards to assessing the effectiveness of our services and the overall FYSC program.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

No material differences.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

FYS is going to drop the LEA district contracts for Foster Focus Data System. This is due to technical and financial costs. The FY data technician is working on an alternative process to collect relevant educational data as mentioned above. FYS no longer needs to monitor the request for educational records between LEA's. This is no longer an issue because of trainings and outreach. FYS will continue to provide services in this area if needed; however, this is no longer an issue. The FYS program will explore drawing down Title V- E monies to increase the capacity of the program. We are exploring negotiations with local DHHS to develop an MOU contract to access the monies to the HCOE FYS program. This will increase our capacity to support FY education services throughout the county.

Goal 3

Goal 3 - Expelled youth that are enrolled in a HCOE CCS program will be informed of their expulsion stipulations, the requirement to return back to their district of residence and their individual progress towards that goal quarterly. Districts will become aware of policies and procedures for serving expelled youth as outlined in the county-wide expulsion plan and through on-going communication with C/CS administration.

Actions/Services

PLANNED
 A Program Manager will be employed to coordinate the following actions and services related to expelled youth:

- Trauma-informed education practices will be implemented to increase Court and Community School students' ability to succeed in school.
- Training will be provided for staff on the impact of trauma and toxic stress on learning. Monthly workshops for all staff will be conducted and will focus on impact of trauma on students from the perspective of neuroscience, psychology, and social sciences and how awareness of those concepts can be applied to creating an environment that increases student success.
- A steering committee of representatives of each school site and each discipline will develop a plan for integrating trauma-sensitive routines and individual supports for staff and students.
- During Year 1, the Program Manager will collect research and examples from other schools across the state that have successfully implemented Trauma-informed practices. Those practices will be

ACTUAL
The Program Manager coordinated :
CCS is in the second year of implementation. All staff is trained in trauma informed practices in year one. Newly hired staff was trained in September 2016. The program manager meets with the steering committee to measure program implementation. Monthly PLC meetings are held with all staff. PLC meetings focus on reviewing best practices for a Trauma-informed model. The PLC meetings also focus on the implementation of our PBIS model. CCS staff have joined the county-wide Multi-Tiered System of Support (MTSS). The MTSS group meets monthly to share best practices, support collaborative efforts and review implementation of PBIS at school sites.

A steering committee of representatives of each school site and each discipline developed a plan for integrating trauma-sensitive routines and individual supports for staff and students. The steering committee also analyzed practices in place for effectiveness.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	The overall implementation of the actions have been effective. Humboldt County has a collaborative group that supports the transition of expelled youth. The group has agreed on a county-wide plan to ensure expelled youth are awarded partial credits as they transfer to their new school. CCS staff meet regularly at screening to discuss new expelled students. CCS is implementing a district-wide PBIS to support our trauma informed practices.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	The actions and services to support goal 3 often depend on the number of students we enroll over the course of a school year that have been expelled. All expelled students, have met with staff and their families to clearly understand what is required for re-admission to their District of Residence. Many of the requirements that districts impose are out of the control of CCS- to include attending family counseling, participating in Parent Project, and attending anger management. Although CCS staff often make recommendations and suggestions to families of expelled youth to enroll and participate in these programs, it is ultimately up to them to follow through. CCS has made significant progress ensuring expelled youth receive partial credits when expelled partially through a semester, regardless of the districts policy to actually "award" the partial credits. This is primarily due to the efforts and collaboration of the Expulsion Committee that represents all of the major districts across the county. A total of eleven students have been expelled, referred and enrolled in a CCS program. No students have been eligible to return to their DOR this school year. The requirements make them eligible during the 2017-2018 school year. At the start of the 2016-2017 school year. Seven students, from the 2015-2016 school year went back to their DOR, once their expulsion was up. Only one of those students has been referred back and has reenrolled in CCS.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	No material differences.
Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.	Schedule bi-annual expulsion committee meetings to review numbers of expelled youth potentially referred to CCS and/or other local alternative programs to stay abreast of potential SPED caseload issues and develop strategies to work collaboratively to address these potential concerns.

Stakeholder Engagement

LCAP Year 2017–18 2018–19 2019–20

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

CCS has provided many opportunities throughout the 17-18 school year to increase stakeholder engagement. Family nights are planned four times during the year. During family nights parent surveys are presented to obtain more information. School staff present families with LCAP annual updates and brochures to distribute information. A staff stakeholder meeting was held on 3/1/17. Staff from all sites attended, the annual update was presented and staff provided feedback about CCS programs. Public Stakeholder meetings are also planned and advertised. CCS serves a large geographic area, which requires stakeholder meetings in Eureka, Fortuna and Garberville. Public Stakeholder meetings were held on: 4/5/17, 4/6/17 and 4/11/17. This allows us to hold a stakeholder meeting at each Community school site, offering a wider variety of opportunities to be involved. Community stakeholders that were invited included: Department of Health and Human Services, Department of Probation, Eureka Police Department, Eureka City Schools, HCOE FY Coordinator, California Teachers Association, CSEA, Child Welfare Services, Yurok tribe, Redwood Community Action Agency, College of the Redwoods – equal opportunity program services, Transition aged youth division of DHHS (TAY), Humboldt County Teen aged youth Collaborative(HCTAYC), Juvenile Justice Delinquency Prevention Commission, & Teen Court.

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

The largest attended public stakeholder meeting continues to be at the Eureka site. Eureka is the county seat and provides the majority of the services in the county; which accounts for the largest representation of stakeholder attendees. Staff stakeholder meetings are well attended and staff continue to express the issue of truancy with our students. Many of our students are referred to CCS via the SARB board and already have truancy issues. During these meetings it was also decided which action items would be removed from the LCAP. The items that were removed were as follows: The PBIS Steering Committee will develop a progressive list of discipline options prior to suspension of students, to be utilized program-wide. The team will utilize SWISS data to identify areas of need, and analyze trends. CCS will utilize data gained from the PSSC and John Gardner Center to gain knowledge of strategies to improve attendance. Once strategies are identified, they will be put into place. CCS will not employ a Juvenile Probation Officer. Protocol for supervising probation youth has changed. CCS has low numbers of students on probation supervision and the support is no longer needed. The implementation of PBIS will include student incentives. CCS provided attendance incentives in the past. Over time attendance incentives proved to not motivate youth to attend school. The addition of incentives for PBIS implementation is intended to support more students and strengthen the implementation of a reward system with CCS to motivate students with challenging behavior and attendance issues. This will provide more access for all CCS students. The action item to investigate and utilize CYC tutoring has been removed from the LCAP. It has been investigated and the CYC does not offer tutoring at this time.

Teacher will review CELDT scores and ELL Files to ensure eligible CCS youth are reclassified appropriately.

Native American Youth

Work collaboratively with tribal case management support providers. Develop procedures and timelines for providing regular information for Native American youth about cultural events. Staff continue to work on bringing in existing services to appropriate CCS youth. CCS have continued to reach out to local tribes to support CCS youth. Efforts to collaborate services are in the beginning stages. A representative from the Yurok Tribe will coordinate with CCS staff to offer tutoring services to eligible youth. Also, a representative from the Hoopa Tribe is setting up tutoring services for Hoopa tribal students. A Hoopa Tribal Education Representative will provide tutoring at the NDN Center. CCS staff continue to invite local tribes to participate in stakeholder meetings and community input meetings.

CELDT Teacher .10FTE

Goal 2

Goal 2 - Facilitate increased coordination and inter-agency collaboration of educational services in order to improve the academic achievement of Foster Youth countywide and develop the understanding of Humboldt County LEAs (charters and districts) on the laws and obligations under LCFF and AB490 and their capacity to support the education of FY in their schools.

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8
 COE 9 10
 LOCAL _____

Identified Need

EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
Foster Focus data and/or district attendance and discipline (suspensions and expulsions) records that provide monthly reports.	60% of the LEAs now provide regular updates based on district grading periods (quarter, semester and trimester).	75% of the LEAs now provide regular updates based on district grading periods (quarter, semester and trimester).	85% of the LEAs now provide regular updates based on district grading periods (quarter, semester and trimester).	95% of the LEAs now provide regular updates based on district grading periods (quarter, semester and trimester).
Graduation rate tracking records from Foster Focus data and/or districts for 8th and 12th grade Foster Youth students.	Currently there are 15 eighth grades FY students being monitored for graduation to 9 th grade There are 21 Seniors FY Students being monitored and at least ¾ are on track to graduate high school in June, 2017	All 8 th grade FY will be monitored for graduation to 9 th grade All 12 th grade FY will be monitored for on-time graduation	All 8 th grade FY will be monitored for graduation to 9 th grade All 12 th grade FY will be monitored for on-time graduation	All 8 th grade FY will be monitored for graduation to 9 th grade All 12 th grade FY will be monitored for on-time graduation
Number of districts, Foster Youth Liaisons and school staff participating in trainings.	100 % of LEAs have participated in FY Educational trainings (32 K-12 LEAs).	100 % of LEAs have participated in FY Educational trainings (32 K-12 LEAs).	100 % of LEAs have participated in FY Educational trainings (32 K-12 LEAs).	100 % of LEAs have participated in FY Educational trainings (32 K-12 LEAs).

A log of materials distributed to Foster Youth regarding educational rights.

90% of the K-12 FY and Non-Minor dependents received a hard copy letter/flyer that provided them information on their educational rights and resources to contact if they need assistance and advocacy. Information sent twice a year.

95% of the K-12 FY and Non-Minor dependents received a hard copy letter/flyer that provided them information on their educational rights and resources to contact if they need assistance and advocacy. Information sent twice a year.

100% of the K-12 FY and Non-Minor dependents received a hard copy letter/flyer that provided them information on their educational rights and resources to contact if they need assistance and advocacy. Information sent twice a year.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year

2017–18 2018–19 2019–20

Estimated Supplemental and Concentration Grant Funds:

\$

Percentage to Increase or Improve Services:

%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).
