

# LCFF Budget Overview for Parents

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

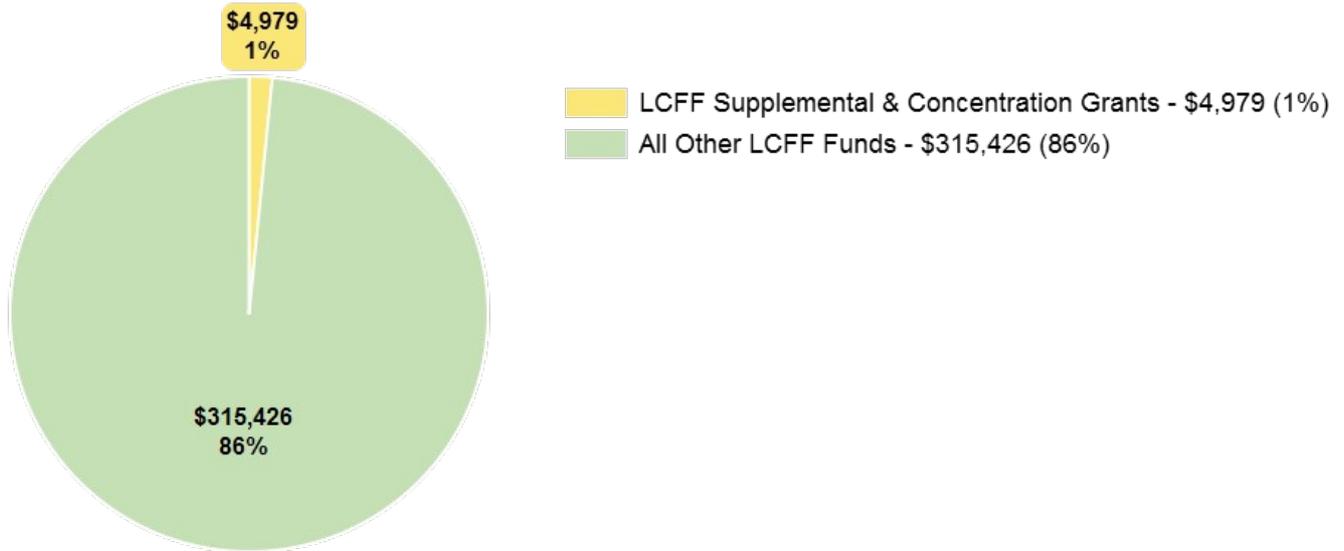

## Budget Overview for the 2019-20 LCAP Year

### Projected Revenue by Fund Source

Source	Funds	Percentage
All Other State Funds	\$16,570	4%
All Local Funds	\$14,160	4%
All Federal Funds	\$17,790	5%
Total LCFF Funds	\$320,405	87%

## Breakdown of Total LCFF Funds

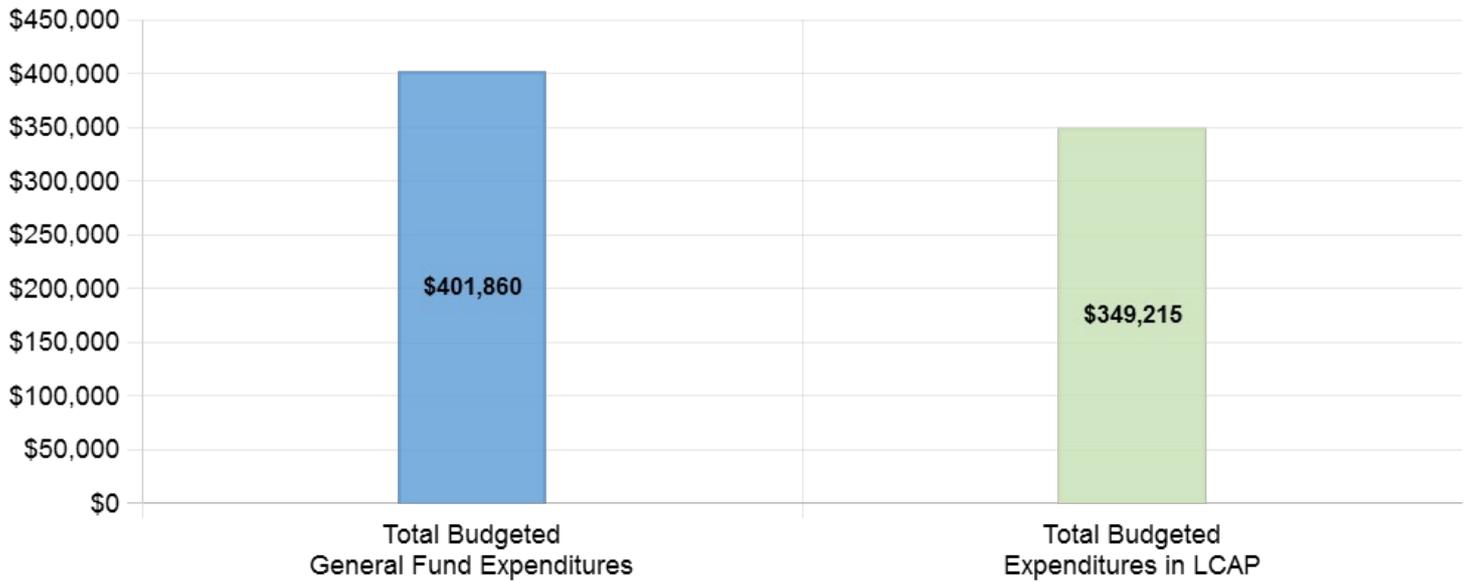

Source	Funds	Percentage
LCFF Supplemental & Concentration Grants	\$4,979	1%
All Other LCFF Funds	\$315,426	86%

*These charts show the total general purpose revenue Kneeland Elementary expects to receive in the coming year from all sources.*

The total revenue projected for Kneeland Elementary is \$368,925, of which \$320,405 is Local Control Funding Formula (LCFF), \$16,570 is other state funds, \$14,160 is local funds, and \$17,790 is federal funds. Of the \$320,405 in LCFF Funds, \$4,979 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

## Budgeted Expenditures

Source	Funds
Total Budgeted General Fund Expenditures	\$401,860
Total Budgeted Expenditures in LCAP	\$349,215

*This chart provides a quick summary of how much Kneeland Elementary plans to spend for 2019-20. It shows how much of the total is tied to planned actions and services in the LCAP.*

Kneeland Elementary plans to spend \$401,860 for the 2019-20 school year. Of that amount, \$349,215 is tied to actions/services in the LCAP and \$52,645 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Central office expenditures not included in the LCAP were: business supplies and services, legal fees, audit fees, utilities, fingerprinting and other testing, STRS liability.

## Increase or Improved Services for High Needs Students in 2019-20

In 2019-20, Kneeland Elementary is projecting it will receive \$4,979 based on the enrollment of foster youth, English learner, and low-income students. Kneeland Elementary must demonstrate the planned actions and services will increase or improve services for high needs students compared to the services all students receive in proportion to the increased funding it receives for high needs students. In the LCAP Kneeland Elementary plans to spend \$18,747 on actions to meet this requirement.

## Update on Increased or Improved Services for High Needs Students in 2018-19

## Current Year Expenditures: Increased or Improved Services for High Needs Students

Source	Funds
Total Budgeted Expenditures for High Needs Students in the LCAP	\$15,004
Estimated Actual Expenditures for High Needs Students in LCAP	\$17,568

*This chart compares what Kneeland Elementary budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Kneeland Elementary estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.*

In 2018-19, Kneeland Elementary's LCAP budgeted \$15,004 for planned actions to increase or improve services for high needs students. Kneeland Elementary estimates that it will actually spend \$17,568 for actions to increase or improve services for high needs students in 2018-19.

# 2017-20 Plan Summary

## The Story

Describe the students and community and how the LEA serves them.

Kneeland School is a small rural school serving grades K-8. With an ADA of 14 students, classrooms are multi-grade level and taught by highly qualified teachers using CCSS aligned materials. We provide an excellent educational opportunity that enables all students to achieve academic success and realize their full potential. We are located approximately 17 miles east of Eureka, California. Our school is nestled upon rolling hills at an elevation of 2,800 feet and is surrounded by grassland and forest. The school acts as a community meeting place for neighborhood groups including the local volunteer fire department, and the Astronomers of Humboldt.

The outcomes, metrics, and results in our LCAP are an approximation for a K-8 district. This district does not have a high school, English Language Learners, or Foster Youth. Therefore, the following metrics are not included.

- Access to state standards and ELD standards aligned to ELA for ELs
- % of pupils who have successfully completed a-g courses or approved CTE sequences
- % of ELs making progress toward English proficiency on CELDT or ELPAC
- EL reclassification rate
- % who have passed AP exam with a score of 3 or higher
- %who demonstrate college preparedness via EAP or subsequent indicators
- High School dropout rates
- High School graduation rates
- The Academic Performance Index

Due to our ADA of 14 students, no indicators are reported on the California Dashboard.

## LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

This year's LCAP was successfully implemented as evidenced in the following areas.

- Through our maintenance and custodian positions, we maintained a clean campus in good repair
- Engaged stakeholders this year through newly scheduled community meetings and quarterly reach-out newsletters. This created multiple forums in which the stakeholders have many options to contribute input and we saw new faces and ideas directly due to these programs.

- Supported on-going professional development in the areas of school climate in coordination with the county office of education. This has enabled the school to continue to strengthen discipline and intervention programs targeting student behavior.
- Supported staff development with emphasis in best teaching practice for new teachers and utilizing new technology in the classroom.
- Improve student achievement in the areas of Math and LA through providing additional resources and tools to the students. All students are on target to progress into the next grade based on district assessments.

## Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

## Greatest Progress

Kneeland School students have been successful in academic endeavors including high performance levels in science this year, as well as community outreach in theater arts. 100% of Kneeland students in grades 4 and higher, including students from low income families as well as students with disabilities, were eligible to compete at the county level science fair. Of those, 100% scored 5th place or better at the county level competing against 300 other students throughout Humboldt County. 40% of Kneeland School's students in grades 4 and higher were eligible to compete at the California State Science Fair in Los Angeles.

Kneeland upper grade students, amongst whom were low income and students with disabilities, wrote, designed, created, and performed a full play at a local community theater for a week in December to which every student in Humboldt County could attend. Kneeland students created a play with real world issues and performed the play for over 1,000 students in Humboldt County.

Next year, Kneeland students will participate in specific field trips that will enhance their understanding of the world around them from both a scientific perspective as well as culturally in order to facilitate further development in both science and in performing arts. These field trips will potentially include visits to the Arcata Marsh, state parks, concerts, musicals, and plays.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

## Greatest Needs

Based on limited indicators on the California Dashboard we show the greatest need in School

suspension rates. The district addresses this need through positive intervention systems and professional development for staff to address school climate.

Using level 3 as a standard score on the CAASPP (level 3 indicates standard has been met), 33% of the students that took the test scored at or above level 3 in English Language Arts and 11% of all students taking the test are at or above level 3 in Mathematics. Stakeholders expressed a need to improve core academic curriculum.

Stakeholders also expressed an interest in increasing exposure to the Arts and enrichment classes. We are addressing this need in Goal 1, Action 8 by providing enrichment through field trips aligned with school curriculum.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

## Performance Gaps

There are no performance gaps as the LEA's student population is too small to include any significant student groups.

## Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

### Schools Identified

Identify the schools within the LEA that have been identified for CSI.

NA

### Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

NA

### Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

How did these consultations impact the LCAP for the upcoming year?

Stakeholders expressed a need to improve core academic curriculum.

Stakeholders also expressed an interest in increasing exposure to the Arts and enrichment classes. We are addressing this need in Goal 1, Action 8 by providing enrichment through field trips aligned with school curriculum.

It was noted that Goal 4 duplicates outcomes in other goals. This was confusing. It was recommended this goal be eliminated and the one action added to another goal.

# Demonstration of Increased or Improved Services for Unduplicated Pupils

## LCAP Year: 2017-18

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$ 15,731

5.19 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

Based on the proportionality calculator, the District is required to show increased or improved services valued at 5.19%. This is a clear increase in support for an instructional aide (GL4-1) and will help identified students achieve academically in the classroom so they are able to function in their classrooms and work at their highest potential. Without the additional funding from the Supplemental Concentration Grant this additional assistance would not be possible.

## LCAP Year: 2018-19

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$10,758

3.95%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

Based on the proportionality calculator, the District is required to show increased or improved services valued at 3.93%. This is a clear increase in support for an instructional aide (GL4-1) and will help identified students achieve academically in the classroom so they are able to function in their classrooms and work at their highest potential. Without the additional funding from the Supplemental Concentration Grant this additional assistance would not be possible.

## LCAP Year: 2019-20

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$4,979

1.79%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

The District will increase and provide improved services for students by supporting instructional aide time (GL4-1). This additional resource will help identified students achieve academically in the classroom so they are able to work at their highest potential. Without the Supplemental Concentration Grant this individualized and small group assistance would not be possible.
